**DETAILED ACTION**

***Claim Rejections - 35 USC § 103***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 8, 10, 12-14, 21-23, 25-27, 34-36 and 38-40 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Willey, US 2001/0008879 A1 for the reasons of record in the previous office action.

***Allowable Subject Matter***

3. Claims 41-43 are allowed. Reasons are of record in the previous office action.

***Response to Arguments***

4. Applicant's arguments filed January 13, 2007 have been fully considered but they are not persuasive. Applicant argues that the reference teaches away from compositions comprising hypohalite. This is not persuasive because the examiner interprets the cited passage differently. While the reference does teach that the disclosed photobleaching system is more fabric and color safe than hypochlorite, the reference specifically teaches at [0303] that, should it be desired, substances which increase the action of the compositions, presumably the bleaching action, may be added, and sodium chloride is specifically disclosed. The examiner infers this to mean that, while compositions which are milder than hypohalite can be made using the disclosed photobleaches, adding sodium chloride is an option if the compositions prove

to be too mild. The person of ordinary skill in the chemical arts would realize that addition of sodium chloride to an oxidant composition would produce hypochlorite.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
